

## PURCHASED AN OXYGEN EEBD IN 2002?

In 2002 the SOLAS convention was changed to increase the number of EEBD sets required to be provided on ships and other maritime vessels.

Compressed oxygen EEBD sets purchased at this time with a 15 year service life are now coming to the end of their lifecycle. These sets will need to be replaced or refurbished.

Scott Safety offers you a cost effective solution with The One & Only ELSA

### **PERFORMANCE. PROTECTION. AFFORDABILITY**

Scott Safety offers a competitively priced ELSA EEBD for the marine industry to satisfy the requirements of the SOLAS maritime regulations. ELSA is the worlds leading constant flow escape set, protecting thousands of workers globally.

## EMERGENCY ESCAPE BREATHING APPARATUS

- Scott Safety has provided the highest standards in the design and manufacture of Respiratory Protection Equipment for over 75 years.

Renowned as the world's leading Constant flow escape set, the ELSA (Emergency Life Support Apparatus) from Scott Safety is designed for rapid escape from hazardous industrial and marine environments.

Now in its third generation, Emergency Life Support Breathing Apparatus is a concept originally pioneered by Scott Safety under its Sabre Breathing Apparatus brand and the original design principles continue to this day.

The current design is simple and quick to operate, reliable and robust in use and performs to the latest European Standard EN1146.

*Unique cubic hood design*

*Simple to use, easy to maintain and low through life costs.*

*Flame retardant and chemical splash resistant carrying bag.*

*Constant flow hood giving simple operation and ease of training*

*Automatic quick fire activation*

*High Vis or Anti static options*

*Cylinder with combined cylinder valve and reducer.*

### ELSA FEATURES:

- 10 or 15 minute versions
- Standard Hi Vis or black anti-static bag
- Automatic quick fire activation
- Unique cubic hood design
- CE marked in accordance with EN1146
- MED (Shipswheel) approved
- Corrosion resistant Nickel plated components
- Standard breathing air charging adaptor
- 10 year service interval

### ELSA

Part Number	Description
ELSA-10-B	10 minute ELSA, standard bag
ELSA-15-B	15 minute ELSA, standard bag
ELSA-10-B-AS	10 minute ELSA, anti-static bag
ELSA-15-B-AS	15 minute ELSA, anti-static bag
